

# **Product Attachment For Magento 2**

## **User Guide**

Magento 2 product attachment supports uploading and taking control over your attachment files on Magento 2 online store.

It also permits store owners to upload extra product details with images or PDF files. Using this module, online retailers can make their stores more informative by providing shoppers with further information about the product.

# **Features**

- Support diverse downloadable file formats
- Upload file attachments directly
- Shoppers can download files in the blink of the eye
- Assign a single attachment to many products  $\bigcirc$
- effortlessly edit file attachments visibility
- Restrict by shopper groups and store views  $\bigcirc$
- User-friendly configuration in the backend

# **Benefits**

- Improved shopper experience : By being able to add attachment files to your product pages, the Magento 2 store owners can create a more dedicated and informative product page to provide the shoppers with a more detailed description of the products and satisfy their curiosity.
- Content-rich product page :

Content-rich product page: The Magento 2 store owners can upload attachment files under different formats to their product pages as well as decorate them. These in combination will help to create an attractive and informative product page.

Increased Professionalism : With product attachment for Magento 2, professional and detailed attachment files compiling further and more complex detail of the product can be provided to the shoppers, thu making your store appear to be more professional from the shopper's point of view.

# **How to Install**

- $\gg$  Download the zip file
- Extract it and put into <Magento-Directory>/app/code/
- >> Open CLI and Magento directory and Run Magento installation commands

# **CLI Commands**

- → Php bin/magento setup:upgrade
- → Php bin/magento setup:di:complile
- → Php bin/magento setup:static-content:deploy
- → Php bin/magento cache:clean
- → Php bin/magento cache:flush

# Configuration

- → Login to Magento Admin
- Stores > Configuration > VDCSTORE extensions > Product Attachment  $\rightarrow$  Enable or disable the extension module.
- $\rightarrow$  Fill in the required information.
