

## **Shipping Per Product For Magento 2**

## **User Guide**

shipment. Instead, it ought to be balanced, which our shipping per product module can do. Our shipping per product modifies the shipping fees according to each product so that they satisfy customers with the shipping fees charged according to the product. Our module streamlines the process of applying shipping fees and gives merchants the ability to set the minimum and maximum order amounts at which the specified shipping fees will be applied. **Features** 

shipping fees based on the product. The profit margin shouldn't be prioritized over

## Amend shipping charges product-wise. Set your title and method name that you want to display as the shipping

method name in the cart.

The extension module can be enabled or disabled by the admin.

- Option to set default shipping rate if no shipping rate is assigned to products individually.
- Option for adding default handling fee.
- Pick countries to use this shipping method. To use this shipping type, choose a maximum and minimum order amount.
- Display error message.
- Extract it and put into <Magento-Directory>/app/code/ Open CLI in Magento directory and Run Magento installation commands

**Installation Details** 

Download the zip file

php bin/magento setup:static content:deploy -f

→ php bin/magento setup:upgrade

## php bin/magento cache:clean php bin/magento cache:flush

Default Rate Per Item

- **Multishipping Settings** Minimum Order Amount 30 **Delivery Methods** Maximum Order Amount Google API Now pick which countries you want to enable this shipping method. You can select single, multiple, or all. To use this shipping method, specify a maximum and minimum order amount. For case, we've set the minimum and maximum order amounts at 30 and 100, respectively. Now, catalog > products. From the product grid, choose the item for which you want to specify the shipping cost. Select the particular product's edit option.
- Enter the shipping charge you want to set for the current product under the shipping rate field. For case, we have selected the Joust Duffle Bag and set the shipping rateas 50. Save the settings.
